

Dragon Medical One - PowerMic Mobile

PowerMic Mobile (PMM) allows you to use your smartphone as a secure wireless microphone when dictating into Dragon Medical One (DMO). This document explains how to launch DMO with PMM as the dictation device, demonstrate the configuration required to download the PMM app to your smartphone, and link it to your Dragon account. Also included are brief instructions for using PowerMic Mobile.

Launch DMO with PowerMic Mobile as the Dictation Device

- 1. Login to Epic.
- 2. Open DMO by clicking the **Dragon Logon** icon in your Epic toolbar.
- 3. Or, search for Dragon and "Jump to" Dragon.

8. Confirm that you have the orange smartphone icon on the left side of your Dragon bar.

Configure PowerMic Mobile

Once you have logged into Dragon Medical One:

- Contact your local CIS Credentialed Dragon Team. CIS will send you the Welcome Kit email described below.
- If your local CIS team cannot send the email, they will submit a ticket to the Dragon Analyst Team (IS Faxing & Dictation Apps) requesting assistance.
- In either case, your request must include the email address for emails received on your smartphone. The smartphone must be Android or iPhone.

You will receive a Welcome Kit email with instructions on downloading and configuring the PMM application. Below is an example showing the content of the email, with some additional explanatory text and graphics.

Download the PowerMic Mobile App on your Smartphone

- 1. Open a web browser on your phone and go to <u>email.providence.org</u> to access your Welcome Kit.
- 2. Enter your Domain\user name (i.e., Epic Credentials).
- 3. Enter your Password.
- 4. Sign in.

Last Updated: 7/12/2019

5. Open your Welcome Kit email (pictured below) on your smartphone. Click the appropriate link.

Pair your smartphone with Dragon Medical One (DMO)

1. Open the appropriate link on your smartphone, found in the Welcome Kit email.

Caregivers, click the following link: http://powermicmobile.nuance.com/PowerMicMobile/E373B686-5739-4D4B-AD55-684849AA14B0/index.html

2. The Nuance configuration page opens. Select your **smartphone operating system**.

3. If the below prompt appears, click **Open**.

4. Click Start.

5. If prompted, enter your **DMO username**, this is the same as your Epic login.

6. Your Dragon bar will now have a red phone icon on the left, indicating a successful PowerMic Mobile pairing session.

Use PowerMic Mobile

- 1. Tap the microphone icon once to start dictating.
- 2. The microphone icon fills in with teal to indicate that it's active. Tap the microphone icon again to turn it off.

3. The green phone icon in the Dragon bar, is also an indication of an active microphone.

4. The "buttons" on the PowerMic Mobile screen are similar to the button assignments on the wired PowerMic. Default button assignments are shown below.

Customize PowerMic Mobile buttons

This example will demonstrate how to assign a user created Step-by-step Command to the PMM button, currently assigned by default to Transfer Text.

- 1. Select the flame icon in the Dragon toolbar.
- 2. Select Options.

PROV	/FAMMD5 6
2	Log Off Options Manage Auto-texts Manage Step-by-step Commands Manage Vocabulary Show/Hide Dictation Box Show Most Recent Message Show Log File
	Help What You Can Say My Nuance Healthcare ID Exit

- 3. The Options window appears, select Microphone Buttons.
- 4. Click the **down arrow** next to the button you wish to reassign.
- 5. Select Step-by-step Commands.
