

### **N95 mask procedures**

#### Physician Fit Testing:

Educators will provide fit tested in Physician Lounge 10/20 and 10/22

The Medical Staff Office, located at CMC LDC Building suite 500 will be fit testing any new physician/resident/etc.

Surgeons should be fit tested for both the green stripe mask for the OR and the 3M mask for use on the units.

#### Process for N95s:

Each caregiver will receive 3 N95s and they should reprocess throughout the week. Every three weeks you can receive another 3 N95s.

Isolation patients – Change out the mask each time you leave the room. This applies to level II mask and N95

Isolation Carts – Will have N95s and Level II masks

House Supervisor will also have N95s available if the carts run out

#### Reprocessing N95 mask:

There will be reprocessing bins outside the ORs and on the units for N95 masks, please have your N95 mask reprocessed if appropriate.

The reprocessed N95 masks should be available on Tuesdays and Fridays.

#### Aerosol Generating Procedures Signage:

All areas will have signs posted

Remember for isolation patient we will be changing out the mask each time you leave the room. This applies to level II mask and N95
