

### SUPERVISING PROFESSIONAL AGREEMENT FOR OBSERVERS

I agree that the Observer’s presence with me shall be for the purpose of observation only, and that he/she may not perform any procedures, either in assistance with me or individually. Observer agrees that he/she shall respect the wishes of any patient who objects to his/her presence and that he/she shall abide by the policies and procedures of all Covenant Health entities and comply with the provisions of the Health Insurance Portability and Accountability Act.

I agree that I shall be responsible for all the Observer’s acts and omissions while he/she is with me at Covenant. I hereby release and hold harmless Covenant Health and all their related and/or affiliated entities along with their respective directors, officers, representatives, agents, licensees, and/or employees, of all liability, damages, causes of action, suits, claims, or judgments relating to Observer’s participation with me at Covenant. This release and hold harmless shall be binding upon the Observers and my heirs, executors, administrators, and assigns.

# Consent and Release of Medical Information

---

Name: \_\_\_\_\_ Date of Birth: \_\_\_\_\_  
Last First Middle

I authorize the Providence Health & Services designee(s) to administer immunization(s), TB skin testing/TB blood testing, and other preventative, or diagnostic treatments for illness or injury sustained during the course of my work. This Authorization also includes treatment for minor non-industrial injuries/illnesses.

This authorization does not prevent me refusing treatment at a later date. It remains in effect during my volunteer assignment at any Providence Health & Services and Kadlec facility. Commonly administered injections include TB skin test, tetanus & diphtheria, tetanus, diphtheria & pertussis, MMR (measles, mumps & rubella), varicella and influenza. Additional testing may be ordered, such as chest x-rays or lab testing. This is to rule out Tuberculosis and test for immunity status.

All individually identifiable information in the Caregiver Health Service (CHS) record is maintained in said department in accordance with state and federal statutes and regulations. Information will be disclosed if that information is deemed relative regarding suitability for volunteering, ability to perform essential volunteer functions.

In the event of a work-related injury/illness sustained while volunteering at Providence Health & Services and Kadlec, information may be provided to those involved in the administration of my Workers Compensation Claim.

- **Work related incidents/injuries need be reported to your Volunteer Coordinator.**
- **Communicable disease related illnesses/exposures should be reported to Caregiver Health.**

Findings of initial health screen and any other examinations will be reviewed by the CHS nurse or designee. I have read this document and I have been given an opportunity to ask questions.

## Parental Consent

\_\_\_\_\_  
(PRINT Parent/Legal Guardian Name) # Phone number

I give Providence Caregiver Health Services permission to draw blood for Tuberculosis Testing and titers.

X \_\_\_\_\_ Date: \_\_\_\_\_

Signed by parent or legal guardian for volunteer/student under 18 years of age

## **New Volunteer, Intern and Observer Health Screening**

---

Welcome to Providence!

To protect you and our vulnerable patients, certain health requirements must be met before you start volunteering. Please complete this packet and bring it to your health screen appointment, along with your photo ID and immunization records.

### **Immunization and Titer records**

Please bring as much documentation as possible regarding the tests and immunizations listed below. This will prevent the duplication of testing and/or vaccinations.

- **Measles, mumps, and rubella (MMR)** – Documentation of two MMR vaccines at least 4-weeks apart and/or positive titers
- **Chickenpox (varicella)** – Documentation of two varicella vaccines at least 4-weeks apart and/or positive titer
- **Tetanus, diphtheria, and pertussis (Tdap)** – Documentation of vaccination
- **Annual influenza vaccine** – Documentation of acceptance or declination of the vaccine
- **COVID Vaccines** – Documentation of vaccination

If you need help obtaining your immunization records, check with your physician, previous employers, schools or contact the health department where you grew up.

**We strongly encourage you to gather your records as soon as possible.**

**It may take several weeks to obtain your records.**

**Please bring all your records to your health screening appointment.**

Thank you

# TUBERCULOSIS SCREENING QUESTIONNAIRE

Name: \_\_\_\_\_ Date of Birth: \_\_\_\_\_ Caregiver ID #: \_\_\_\_\_  
Last First Middle

Dept: \_\_\_\_\_ Home/Cell Phone #: \_\_\_\_\_

Caregiver/Applicant  Volunteer  Other: \_\_\_\_\_

DO YOU CURRENTLY HAVE SYMPTOMS OF:		If yes, please explain
1. Persistent and/or productive cough for more than three weeks?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
2. Cough for more than one week following confirmed TB exposure?	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> N/A
3. Prolonged low grade fever associated with cough for more than 1 week?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
4. Blood present in sputum?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
5. Unexplained night sweats (unrelated to menopause)?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
6. Unusual fatigue for more than two weeks?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
7. Loss of appetite for more than two weeks?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
8. Unexplained weight loss of five pounds or more?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
CURRENT HEALTH STATUS:		If yes, please explain
9. Do you have an acute viral infection or febrile illness?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
10. Have you had a live-virus vaccine in the past four weeks?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
11. Are you on or planning to begin immunosuppressive therapy or treatment for: diabetes, human immunodeficiency virus (HIV) infection, organ transplant recipient, undergoing radiation therapy, chemotherapy, treatment with a TNF-alpha antagonist (e.g., Infliximab, etanercept, or other), chronic steroids (equivalent of prednisone >15 mg/day for >1 month) or other immunosuppression medication? (*)	<input type="checkbox"/> Yes <input type="checkbox"/> No	
HISTORY:		If yes, please explain
12. Have you lived or visited (more than one month) in a country with a high TB rate? (Any country other than the United States, Canada, Australia, New Zealand and those in northern Europe or Western Europe). (*)	<input type="checkbox"/> Yes <input type="checkbox"/> No	
13. Have you had unprotected close contact with someone who has had infectious TB disease in the past 12 months or since your last TB test? (*)	<input type="checkbox"/> Yes <input type="checkbox"/> No	Relationship: _____
14. Have you received the BCG vaccination?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
15. Have you ever had a positive TB skin or blood test?	<input type="checkbox"/> Yes <input type="checkbox"/> No	Date: _____
16. Have you had a chest x-ray related to TB?	<input type="checkbox"/> Yes <input type="checkbox"/> No	Date: _____
17. Have you ever been treated with TB medications?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
<p><b>Please note:</b> HIV infection and other medical conditions may cause a TB test to be negative even when TB infection is present. Persons with HIV infection and certain other medical conditions that may suppress the immune system are at significant risk of progressing to TB disease if they have TB infection. If you have HIV infection or other medical conditions that may suppress the immune system, discuss your risk of TB with your primary care provider.</p>		

To my knowledge, the above information is correct. I consent for an IGRA (TB) blood test, and/or chest x-ray, if applicable.
